Subject: RE: draft charge questions for review

Hi everyone: So I can be on the call today.....could someone please send the latest draft to me? I am assuming there is one big master draft with redlines in SharePoint.

To make sure we are on the same page, we have until COB Friday to make comments on the draft and COB Tuesday for the charge. I hope I have that right.

I will wait until the meeting today to ask to see the revised draft again (what I believe they are calling the senior management draft) after they clean it up and take or leave your edits. Whew!

I have not opened the charge and will look at it now.

I am trying to make it to the PBPK Summit as much as possible today since I was invited...and those invites were hard to come by.

But regardless, this is more important, so do we need to meet today before the 12:30 meeting?

I am in tomorrow too.

Perhaps catching up on Monday would be best. I'll go ahead and put that on the calendar and then wait to hear from you if we need to talk sooner.

FYI - I am going to pull in Vince (and Bob K. etc) to see if he can stop what he is doing and look at the materials too.
